INDEPENDENT AUDITORS' REPORT

To Her Worship the Mayor and Member of City Council

Opinion

We have audited the accompanying consolidated financial statements of City of Moncton (the "Entity"), which comprise:

- the consolidated statement of financial position as at end of December 31, 2021
- the consolidated statement of operations and accumulated surplus for the year then ended
- the consolidated statement of changes in net debt for the year then ended
- the consolidated statement of cash flows for the year then ended
- and notes and schedules to the consolidated financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Entity as at end of December 31, 2020 and its consolidated results of operations, its consolidated changes in net debt and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Page 2

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are/is free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

Page 3

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to designaudit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represents the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the
 planned scope and timing of the audit and significant audit findings, including any
 significant deficiencies in internal control that we identify during our audit.

December 31, 2021

The Corporation of the City of Moncton (the "City") is incorporated and operates under the provisions of the Province of New Brunswick's Local Governance Act.

The City provides municipal services such as police, fire, public works, engineering, parks and recreation, community development and other general government operations.

1. Summary of significant accounting policies

Basis of presentation

The consolidated financial statements of the Corporation of the City of Moncton have been prepared in accordance with Canadian public sector accounting standards. These consolidated financial statements include the additional disclosure requirements by the Department of Local Government of New Brunswick.

Significant aspects of the accounting policies adopted by the City of Moncton are as follows:

a) Basis of consolidation

These consolidated financial statements reflect the assets, liabilities, revenues, expenses, changes in accumulated surplus and change in financial position of the reporting entity. The City of Moncton is comprised of all organizations, local boards and commissions that are owned or controlled by the City and are, therefore, accountable to the Council for the administration of their financial affairs and resources. In addition to the City's municipal government operations, they include the operations of Moncton Industrial Development Limited (MID) and the Water and Light Department (utility operations).

Inter-departmental and organizational transactions and balances are eliminated.

b) Government transfers

Government transfers are recognized in the financial statements as revenues in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made. Transfers are recognized as deferred revenue where transfer stipulations have not been met and revenue is recognized as the stipulations are settled.

c) Deferred revenue

Deferred revenue includes grants, contributions and other amounts received from third parties pursuant to legislation, regulation and agreement which may only be used in certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed or the tangible capital assets are acquired. In addition all funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenues until used for the purpose specified.

December 31, 2021

1. Summary of significant accounting policies (continued)

d) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the consolidated change in net financial assets for the year.

e) i) Tangible capital assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful lives as follows:

Asset type	Years
Land improvements	15-25 years
Buildings and leasehold improvements	10-50 years
Vehicles and equipment	5-30 years
Computer hardware and software	5 years
Roads, streets, sidewalks and culverts	20-50 years
Parking lots	30 years
Water and wastewater networks	30-80 years

Interest on debt used to purchase tangible capital assets is not capitalized.

ii) Assets under construction

Assets under construction are not amortized until the asset is available for productive use.

iii) Contribution of tangible capital assets

Contributed capital assets are recorded into revenues at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

f) Inventories of supplies

Inventories of materials and supplies consist mainly of parts and road maintenance materials and are valued at the lower of cost and net realizable value.

g) Land and land development

Land held for resale in Moncton Industrial Development Limited is carried at the lower of cost and net realizable value. Moncton Industrial Development Limited sole business purpose is to sell commercial land for development purpose. Development costs are carried at the lower of cost and net realizable value as well. Cost includes amounts for land acquisition and improvements to prepare the land for sale or servicing. Land and development costs are expensed as cost of lot sales.

h) Cash and cash equivalents

Cash and cash equivalents are comprised of cash on hand, demand deposits and short-term investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

December 31, 2021

1. Summary of significant accounting policies (continued)

i) Long-term debt

Long-term debt is recorded net of any related sinking fund balances.

j) Employee future benefits

The City and its employees contribute to the City of Moncton Municipal Pension Plan, a jointly trusteed pension plan. The Plan provides for service pensions based on length of service and rate of pay (a defined benefit plan). In addition to the Municipal Pension Plan, other retirement benefits also accrue to the City's employees. The City allows a portion of unused sick benefits which have vested to be paid to employees upon retirement or resignation. The costs of these benefits are actuarially determined based on service and best estimate of retirement ages and expected future salary increases. The obligation under these benefit plans are accrued based on projected benefits as the employees render services necessary to earn the future benefits. The City also provides continuation of unused sick banks which do not vest to be used during the employees' period of employment.

k) Budget

The budget figures contained in these consolidated financial statements were approved by Council on November 6, 2020 and the Minister of Local Government approved the General and Utility Operating Budgets on December 7, 2020, and the Capital Budget on January 11, 2021.

l) Reserves and funds

Certain amounts, as approved by City Council, are set aside in reserves and reserve funds for future operating and capital purposes. Transfers to and/from reserves and reserve funds are recorded as an adjustment within accumulated surplus. Schedule 4 "Schedule of Reserve Funds" to the consolidated financial statements is included to show the reserve fund balances as supplementary information.

i. Operating funds

Operating funds are established for general, and wastewater operations of the City. Operating funds are used to record the costs associated with providing City services.

ii. **Capital funds**

Capital funds are established for general, water, and wastewater capital. Capital funds track the acquisition cost of various capital assets and the financing of those assets, including related debt.

iii. Reserve funds

Under the Local Governance Act of New Brunswick, Council may establish discretionary reserves for each fund listed above. In addition the Community Planning Act requires that a statutory Land Reserve be established and maintained for the purposes of acquiring and developing land held for public purposes.

December 31, 2021

1. Summary of significant accounting policies (continued)

m) Segmented information

The City of Moncton is a diversified municipal unit that provides a wide range of services to its residents. For management reporting purposes, the City's operations and activities are organized and reported by function. This presentation was created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations. Municipal services are provided by departments as follows:

General government services

This department is responsible for the overall governance and financial administration of the Municipality. This includes council functions, general and financial management, legal matters and compliance with legislation as well as civic relations.

Protective services

This department is responsible for the provision of policing services, fire protection, emergency measures, animal control and other protective measures.

Transportation services

This department is responsible for common services, roads and streets maintenance, street lighting, traffic services, parking and other transportation related functions.

Environmental health services and development services

This department is responsible for the provision of waste collection and disposal for planning and zoning, community development, tourism and other municipal development and promotion services.

Recreation and cultural services

This department is responsible for the maintenance and operation of recreational and cultural facilities, including the swimming pool, arena, parks and playgrounds and other recreational and cultural facilities.

Water and wastewater systems

This department is responsible for the provision of water and wastewater services including the maintenance and operation of the underground networks, treatment plants, reservoirs and lagoons.

n) Revenue recognition

Taxation Revenue represents annual levy administered and collected by the Province of New Brunswick on behalf of all New Brunswick Municipalities for municipal services they are recorded as warrant of assessment as the funds are received to the City.

Government Transfers are recognized as revenue in the period that the transfer is authorized, eligibility criteria, if any, have been met by the City, and a reasonable estimate of the amount to be received can be made.

Fee and charge revenue for building permits; water and wastewater, and transportation are recorded on the accrual basis and recognized as earned which is usually when services are provided or facilities are utilized.

Other revenues are recorded when it is earned, and collection is reasonably assured.

December 31, 2021

1. Summary of significant accounting policies (continued)

o) Expenses recognition

Expenses are recognized in the period that the goods and services were acquired and a liability was incurred. Expenses are recorded on an accrual basis. Outstanding commitments for goods and services acquired in the current year are accrued at the balance sheet date.

p) Trusts Funds

There are no trusts funds included in these financial statements as there are currently no trust funds administered by the City of Moncton.

q) Liability for contaminated sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use all the following criteria are met:

- an environmental standard exists:
- contamination exceeds the environmental standard;
- the City:
 - is directly responsible; or accepts responsibility:
- · it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

r) Use of estimates

The preparation of consolidated financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. As such, actual results could differ from the estimates. Areas requiring the greatest degree of estimation include provision for future employee benefits, valuation of donated capital assets, assessment of contingency liabilities, and allowance for doubtful accounts receivable.

December 31, 2021

4. Mortgage receivable

The mortgage receivable of \$1.9 million is non-interest bearing with no set terms for repayment and represents a security position from the Théatre Capitol Theatre Inc. as a result of the transfer of the Theatre property to that Corporation in 1999 equal to the City's net contribution to the refurbishment of the Theatre. An allowance provision has been recorded effectively reducing the carrying value to \$1 given that the mortgage continues without interest and without any terms for repayment. The City's legal position continues with a \$1.9 million first claim on the Theatre facility.

5. Long-term investments

In 2020, the long-term investment of \$6,778,286 represented amounts deposited for the benefit of the City with a Third Party in accordance with the Moncton Place lease agreement. Under the lease agreement, monthly deposits were invested to build a fund of \$7 million over 25 years that will be available for the City to use at its discretion in pursuing various options for the premises. The interest rate being applied is 10.135% and is fixed for the entire 25 years ending in 2021.

In 2021, the City exercised its option to purchase City Hall at an amount of \$7,104,646 plus HST and utilized the proceeds from this long term investments for this purchase.

6. Land and land development

The City has invested in land and land development costs of \$70,068,152 consisting of the Caledonia Industrial Park of \$32,224,735, Moncton Industrial Park of \$12,194,412, West TCH Land \$767,706, New Business Park Development of \$19,466,745 and other land \$5,414,554 for a future industrial park. Land and land development costs net of the cost of lots sold to date is \$29,801,527.

7. Bank indebtedness

Bank indebtedness for operating purposes is within the limit prescribed by the Local Governance Act, and the Municipal Capital Borrowing Board has approved the short-term borrowing outstanding in the Capital Fund at the end of the year. The credit facility with the City's bank has combined authorizing borrowing limit of \$25 million for the City operations excluding Moncton Industrial Development Limited.

During the year, The City of Moncton has secured a guarantee to Moncton Industrial Development by way of credit facility with the Royal Bank of Canada with a limit of \$22 million to assist in providing cash flow requirements for Moncton Industrial Development as needed throughout the year. The line of credit bears interest at the bank prime rate less one percent with repayment done on demand. As at December 31, 2021, \$15,755,000 was outstanding on the line of credit which is included in cash and cash equivalents in the statement of financial position.

December 31, 2021

8. Payables and accruals		
	<u>2021</u>	<u>2020</u>

deposit on land Local improvement deposits	2,055,418 35,261 \$ 41,970,321	1,284,548 35,261 \$ 31,929,843

Payables and accruals include an amount for contaminated sites of \$444,760 (2020 - (\$429,760). The amount is an estimate done by the internal environmental engineers.

9. Forgivable loan payable

On July 12, 2018, the Province of New Brunswick (Regional Development Corporation) ("RDC") issued a forgivable loan to the City of Moncton in the amount of \$10,994,646 for Moncton's Downtown Event Centre (the "project).

Forgiveness

Based on the agreement in place, RDC will forgive the loan in the following manner:

	3%
Completion and commissioning of the project on or before the date agreed by the parties Completion of the project within the budget agreed by the parties	% %

Total initial forgiveness

<u>50%</u>

2024

From 2018 to 2032 inclusive, RDC will grant additional forgiveness, up to a maximum of 50% of the Principal Sum, in annual increments equal to the amount of the tax revenue generated by the Project.

The forgivable loan is non-interest bearing unless the City defaults on the agreement, at which time the forgiveness of the loan will cease immediately and interest at a rate of 3% per annum calculated semi-annually, will be charged on the outstanding loan balance from date of advance.

On or before January 31, 2033, any principal amount remaining will need to be repaid with interest.

Forgivable loan, ending balance December 31, 2020	\$ 3,527,888

December 31, 2021

10. Long-term debt (continued)	<u>2021</u>	<u>2020</u>
Scotiabank Bankers Acceptance - Moncton Industrial Development Expiry date of April 30, 2022	<u>Limited</u>	<u>13,847,918</u>
	\$ 172,614,000	\$200,245,918

Principal payments required during the next five years are as follows:

2022	\$ 27,541,000	2025	\$ 18,239,000
2023	24,882,000	2026	13,698,000
2024	21.997.000		

Approval of the Municipal Capital Borrowing Board has been obtained for the debenture debt reported and all the long-term debt has been approved by an Order-in-Council of the Provincial Legislature. At December 31, 2021, the City has an approval to borrow up to an additional \$26,908,000.

11. Accrued pension asset

Pension benefits are provided to employees of The City of Moncton under the Pension Plan for the Employees of the City of Moncton amended and assented to February 26, 1998. Employees contribute to the plan, which provides for service pensions based on length of service and rate of pay (a defined benefit plan). The City's contribution limits were initially fixed by legislation at 6.65% of employee earnings plus a lump sum amount of \$25,000 per annum. Effective March 2014, the City's contribution limit was increased to 10% of employee earnings.

Employees make contributions equal to 10% of earnings, and the City contributes an equal amount. The contribution by the City in the year was **\$4,607,800** (2020 - \$4,500,700). Total benefit payments to retirees during the year were **\$14,595,000** (2020 - \$12,974,700). A separate pension fund is maintained. The City is in a net funded position at December 31, 2021, as follows:

		
Fair market value of plan assets	\$ 352,378,500	\$ 329,785,200
Accrued benefit obligation	(272,147,500)	(271,904,200)
Funded status	80,231,000	57,881,000
Unamortized actuarial gain	(41,407,300)	(25,735,000)
Accounting pension asset	\$ 38,823,700	\$ 32,146,000

2021

Actuarial valuations for accounting purposes are performed triennially using the projected benefit method prorated on services. The accrued benefit obligation shown for 2021 is extrapolated from the pension valuation performed by the City's actuaries, William M. Mercer Limited, carried out effective December 31, 2019.

2020

December 31, 2021

11. Accrued pension asset (continued)

The actuarial valuation was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the City's best estimates:

c.i, c 2001 coa.co.	<u>2021</u>	<u>2020</u>
(a) Discount rate(b) Rate of compensation increases(c) Rate of inflation	5.80% 2.50% 2.00%	5.60% 2.50 % 2.00 %
Mortality	115% of the rates of the CPM-2014 Public with MI-2017 projections scale	mortality table
Retirement age	Age-related tables	
	<u>2021</u>	<u>2020</u>
Current period benefit cost Amortization of actuarial (gains) losses	\$ 8,740,200 (2,938,100) 5,802,100	\$ 7,897,300 (2,670,800) 5,226,500
Less: employee contributions Pension (recovery) / expense Interest recovery on the average accrued be	(4,607,600) 1,194,500 enefit asset (3,264,400)	(4,500,700) 725,800 (3,043,200)
Total recovery related to pension	\$ (2,069,900)	\$ (2,317,400)

Current period pension benefits are allocated to their respective service line based on the employees in each service line. Actuarial gains and losses and interest gains or expenses are presented in general government services.

	Percentage of	Plan Assets
	<u>2021</u>	<u>2020</u>
Benefits plan assets consist of:

	100.00%	<u>100.00%</u>

December 31, 2021

12. Sick and other post-employment liabilities

The City of Moncton provides various groups of employees in accordance with applicable collective agreements the ability to accumulate sick bank benefits payable either upon retirement or resign.

		<u>2021</u>		<u>2020</u>
Employee benefits obligations:				
Vested benefits	\$	8,002,500	\$	8,518,900
Unamortized actuary gains (losses)		338,100		(236,300)
Non-vested benefits		5,342,300		5,311,200
Unamortized actuary losses non-vested	_	(1,150,800)	_	(1,664,400)
Accrued employee benefit obligation	\$_	12,532,100	\$	11,929,400
Accrued employee benefit obligation	\$	12,532,100	\$	11,929,400
Less funded amount		(7,613,574)	_	(6,942,896)
Unfunded employee benefit obligation		4,918,526		4,986,504
Less non-vested benefits	_	(4,191,500)		(3,646,800)
Vested benefits to be				
funded from future revenue	\$	\$727,026	\$	1,339,704
Benefit expense in the year	<u>\$</u>	1,693,300	\$	1,506,800

Vested benefits represent the City's liability for future employee benefits including sick leave banks and lump sum retirement payments in the year of retirement or resignation which are contractually required to be paid to an employee independent of his or her further employment. Non-vested benefits represent the City's estimated liability of future costs related to benefits for employees that are conditional on his or her future employment.

The actuarial method used was the projected benefit method prorated on service to calculate the accrued benefit obligation. The valuation was based on a number of assumptions about future events, such as interest rates, wage and salary increases and employee turnover and retirement. The assumptions used reflect the City's best estimates.

The following summarizes the major assumptions in the valuation:

- annual salary increase is 2.50% (2020 2.50%);
- the discount rate used to determine the accrued benefit obligation is 2.40% (2020 1.80%);
- retirement age is 65 (2020 age 65); and
- estimated net excess utilization of rate of sick leave varies with age.

The sick leave is an unfunded benefit. Benefits are paid out of general revenue as they come due.

*During the year, the City received donated infrastructure of \$7,611,970 from subdivision developers.

December 31, 2021

14. Short-term borrowings compliance

Operating borrowing

As prescribed in the *Local Governance Act*, borrowing to finance General Fund operations is limited to 4% of the Municipality's operating budget. Borrowing to finance Utility Fund operations is limited to 50% of the operating budget for the year. In 2021, the Municipality has complied with these restrictions.

Inter-fund borrowing

The Municipal Financial Reporting Manual required that short term inter-fund borrowings be repaid in the next year unless the borrowing is for a capital project. The amounts payable between Funds are following the requirements.

15. Water and wastewater fund surplus/deficit

The City employs an annual balanced budget approach is within the allowable practice under the Local Governance Act.

16. Water cost transfer

The City's water cost transfer for fire protection is within the maximum allowable by Regulation 2020-52 under the *Local Governance Act* based upon the applicable percentage of water system expenditures for the population.

17. Commitments and contingencies

Commitments

- (a) Under the terms of a lease for the City library and now assigned to SOT NLNB Inc. the City is responsible for the proportionate share of the common area operating costs. In 2021 this approximated \$612,607 and approximately 46.1% was recovered from the Province under a sub-lease for its proportionate share of the costs. The lease expires in 2053.
- (b) The City is committed under an agreement with Moncton 4lce Sports Inc. (the Service Provider) to pay a service fee of \$119,430 per month for a total of \$1.433 million annually to provide and operate the 4Plex facility for the benefit of the citizens of Moncton. The initial term of the agreement was for twenty years with a ten year renewal option. The City renewed its service level agreement with Moncton 4lce Sports Inc. for an additional 10-years, ending in 2032. The current service fee expires in October 2022 upon which a new service fee will be determined between the parties for the next 10 years.
- (c) City Council has approved total commitments of \$3,402,420 to community organizations.
- (d) In 2017, the City entered into a new 10-year agreement for radio equipment with New Brunswick Trunked Mobile Radio (NBTMR) for a system access subscription fee, at a recurring monthly cost of \$5,290, for a total projected operating cost of \$634,897, plus HST at 15%.
- (e) City has entered into a number of multi-year contracts for the delivery of services, the construction of assets, business improvement grants, and operating leases. These contract obligation will become liabilities in the future when the terms of the contract are met.

December 31, 2021

17. Commitments and contingencies (continued)

(f) City Council has approved a total commitment of \$6,000,000 over 3 years to the Rising Tide Community Initiatives Inc. At December 31, 2021, \$4,000,000 remains unpaid.

Contingencies

- a) City Council has approved the extension of a \$150,000 loan guarantee for the Atlantic Ballet Theatre of Canada. This guarantee commenced on January 1, 2010 and loan guarantee expired on December 31, 2015. City Council reinstated the fixed loan guarantee that is to be reviewed on an annual basis. At December 31, 2021, the guarantee stands at \$150,000.
- b) In the normal course of the City's activities, the City is subject to a number of claims and litigation. The City intends to defend and negotiate such claims and litigation. The eventual outcome of these claims and litigation is not determinable at year end.

18. Reclassification

Certain amounts in the prior year presented have been reclassified to conform to the current year financial statement presentation. These reclassifications have not any impact on previously reported Surplus.
