Diane
MATHESON-CLEMENT

Athlete - Track and Field

In 1958, Diane Matheson-Clement won bronze in the 4 x 100-yard relay at the Commonwealth Games. Her win was no surprise, as she was a Canadian record holder in the 1950s for 100- and 200-yard races and was named to the Canadian Track and Field Team for the 1956 Olympics. The Moncton High School graduate won Outstanding Athlete at the CN Exhibition Olympic Training Plan in 1954 and 30 years later managed Canada's track and field team for the 1984 Olympics. She was inducted into the NB Sports Hall of Fame in 1979.
