## Randy **CANNING**

### Builder – Lacrosse

Randy Canning has been instrumental in introducing and developing the sport of lacrosse in the Greater Moncton area. In the early years of Codiac Storm Lacrosse, founded in 2002, Randy would often be on the floor from 5 p.m. to midnight coaching all age groups, refereeing, helping out with equipment — doing whatever needed to get done to support the league. Randy was active in trying to grow the game in the Greater Moncton area, visiting schools, tennis courts, and baseball and football fields to encourage children to get involved. He always arrived with plenty of lacrosse gear in tow to ensure no child who wanted to try the sport would be left out. Later, Randy helped get the region's high school lacrosse league off the ground. He was also dedicated to supporting a New Brunswick-based junior lacrosse team that was part of Nova Scotia's East Coast Junior Lacrosse League. There was nothing Randy would not do to grow the game of lacrosse. His dedication has ensured that thousands of children in the community were introduced to the sport and had the opportunity and the means to take part.
